Attached memorandum from [REDACTED] concerning [REDACTED] MIS
[REDACTED] 25X1X7 25X1A9a

25X1C8a 1. The attached memorandum explains the position taken by the MIS committee on a request from [REDACTED] for [REDACTED] 25X1X7 25X1C8a intelligence contained in the MIS on the USSR, Satellite countries, and the Middle East to them. The position taken by G-2 seems to me somewhat unnecessarily restrictive. I presume, however, that we must abide by their wishes in the matter.

2. I personally have made no effort to look into the merits of the case in detail, and will not do so unless you feel there is some urgent reason for a reconsideration of the problem.
